KINGSTON

Health Sciences Centre

SITE OF THE MONTH

CARSK team photo from left to right:

Dr. M. Khaled Shamseddin, Natalie Witton, Muhammed Shahriar Zaman, Dr. Rachel Holden, and Corinne Babiolakis.

KHSC CARSK team is led by Dr. M. Khaled Shamseddin, PI and Dr. Rachel Holden, Co-PI. The other members of the team are Natalie Witton, Registered Nurse (Renal Transplant Coordinator), Corinne Babiolakis, Research Manager and Muhammed Shahriar Zaman, Research Coordinator.

Since site activation 11 months ago, the team enrolled and randomized 13 participants, consistently reaching their enrolment target each month.

CONGRATULATIONS and THANK YOU for your Great Work!

ABOUT KINGSTON

Kingston Health Sciences Centre (KHSC) is an acute and specialty care, research and teaching hospital fully affiliated with Queen's University. KHSC is ranked as one of Canada's top research hospitals and recently received Level 1 designation from Choosing Wisely Canada.

KHSC is the regional centre for renal care in Southeastern Ontario. KHSC renal program currently serves 391 in-centre hemodialysis patients, 20 home hemodialysis patients, and 76 peritoneal dialysis patients. There are 57 in-centre hemodialysis stations in the six KHSC affiliated satellite dialysis centres across the region. KHSC transplant program currently serves over 200+ post-transplant patients.

Dr. M. Khaled Shamseddin

Dr. Shamseddin is a Transplant Nephrologist and Associate Professor in the Department of Medicine, Division of Nephrology at Queen's University. He is acting as the Medical Director of the Kingston Kidney Transplant Program (KKTP) and as the Medical Director of the Napanee Hemodialysis Clinic (NDC). Dr. Shamseddin was also the Royal College of Physicians and Surgeons of Canada Program Director for the Adult Nephrology Residency Program at Queen's University from 2012-2019. He is the CBME Leader at Queen's University. He is an active Member/Chair on several local, provincial and national committees.

His research focuses on clinical outcomes in hemodialysis and kidney transplant patients as well as on developing an online Nephrology curriculum at Queen's University.

In leisure time, Dr. Shamseddin likes to paint using liquid acrylic. He is also very good cook.
